BUSINESS ENVIRONMENT

JPMorgan Chase Corporate Challenge 2008

I am pleased to say that on Wednesday 9th July 2008 the Finance Department took part in the JP Morgan Chase Corporate Challenge in Battersea Park.

Despite the "promising" outlook beforehand, the great British summer provided some fantastically wet weather for the event. This however, did not dampen their resolve to compete and everyone completed the 3.5 mile course.

We are very grateful for the donations we have received and we can proudly announce that we have raised almost £3000. This is very much appreciated by Rays of Sunshine as it helps to fulfil the dreams of many children.

Thank you once again for your support.
