

The Wembley Team helped Rays of Sunshine to raise £1,300 for charity

Rays of Sunshine
children's charity

The ROS office had been overflowing with donated gifts. There were lots of different items ranging from electricals products to toys, clothes, perfume and much more!

So the girls at ROS decided to hold an Office Sale in the hope of raising at least £1,000 for their charity. They priced every item in the sale at under £5.

Together, the ROS girls and the Wembley Team printed lots of posters, phoned other clients and walked around the building encouraging people to come to the sale.

The sale went so well it was extended for an extra day!

The ROS target of £1,000 was beaten and they managed to raise a total of £1,300 which was a fantastic achievement.

The Rays of Sunshine team were extremely pleased, not only because they had smashed their target, but because they also finally got back space in their office!

Well done to everyone involved.
